

**WHY  
CHOOSE  
...?**

**AG Series  
Opaque  
Cover**

**Durability**

**Resilience**

**Longevity**

The AG Series Opaque Cover is perfect for scenarios requiring protection against water, dust, and corrosion. Its robust design and ABS plastic construction ensure long-lasting durability, impact resistance, and excellent protection for electrical and communication systems.

### **Benefits:**

- Ideal for extreme environments that require high resistance and durability.
- Made from high-quality ABS plastic, offering excellent elasticity and impact resistance.
- IP67 protection for dusty and wet environments.

### **Applications:**

**Airports**

**Stations**

**Equipment**
