

**WHY  
CHOOSE  
...?**

**F Series  
Opaque  
Cover**

**Durable**

**Resilient**

**Light-  
weight**

The F Series Opaque Cover is engineered for environments that demand high resistance to waterproofing, dustproofing, and corrosion. Made from ABS engineering plastic, it delivers superior elasticity and durability for long-term use, offering reliable protection in challenging settings.

### **Benefits:**

- Designed for tough environments with high protection standards.
- Features wear-resistant properties, ensuring long-lasting durability.
- IP67 rated for dust and water resistance, ideal for industrial applications.

### **Applications:**

**Industrial**

**Outdoor**

**Electrical**
