

WHY CHOOSE F Series Transparent Cover

Durable

**Impact-
resistant**

**Light-
weight**

The F Series Transparent Cover is designed for environments requiring excellent waterproofing, dustproofing, and corrosion resistance. Made from durable ABS engineering plastic, it ensures high performance with exceptional durability, making it perfect for applications in tough and demanding environments.

Benefits:

- Transparent design for easy internal visibility.
- Built for harsh environments with IP67 rating for water and dust resistance.
- Long lifespan with wear-resistant properties for lasting use.

Applications:

Airports

Outdoor
